

From a member of the audience after one of our concerts.

After attending a good number of Stamford Bridge Singers concerts over the years, it was a great surprise and delight to see and hear individual members of the choir 'strut their stuff' from Musicals and Light Opera. It was lovely to witness such hitherto hidden talents, all accompanied in wonderful style by Nicholas Page. All in all, a very happy concert".

From a bride following her wedding

I wanted to say a huge thank you for singing at our wedding. We were honestly blown away by how beautiful the choir sounded, bringing me to tears many times! When we have looked back and watched the video, the choir really makes the ceremony so beautiful. So many of our guests have commented on how beautiful the choir sounded, and I'm so glad we had one. Thank you again for all of your help and making our wedding the best day possible!
